## PRESS RELEASE

Date: 04/20/23

Wolfpack Steel, LLC has been awarded the contract to provide a Nucor metal building and steel erection for a new Athletics Facility for a private school located in Kansas City, Missouri. This is the second project for both our client and the end customer and it will support the expansion of the school's athletics program. Construction is scheduled to begin later this year and the two-story facility will utilize Nucor's MetlSpan IMP wall panels and Loc-Seam roof with a Pro-Liner roof insulation system.
