

WOLFPACK
STEEL, LLC

AUTHORIZED BUILDER

a **NUCOR** company

PRESS RELEASE

Date: 08/15/22

Wolfpack Steel, LLC has been awarded the contract to provide a metal building package and steel erection services for a playground canopy at a private school in Kansas City, MO. We are excited to be part of this project and am looking forward to providing some protection from the elements for the kiddos while they play.

Steel is scheduled to deliver in late September and we should have this project completed in a few weeks for the school to enjoy for the rest of the 22-23 school year.
